

## Jessica's dream

*It used to be snowy, icy and windy. Now the sun is here. The polar bears were frightened by the rays of light. Then Jessica got her fishing rod and went to get fish to eat but those nasty creatures were so active that Jessica ran back to The Big Polar Cave with empty paws. Gregory asked his sister Jessica what frightened her so much. Jessica said "It was the fish." "Ha ha ha. You just don't want to get the fish.", said Gregory. Gregory decided to go check it out. He went along the slippery path. Gregory went to catch fish. He caught ten fish even without his Lucky fishing rod! When he got home he said "Hey Jess, you know how you said the fish were scary?" She said "Yes." "I caught ten fish with my hands.", said Gregory. Jessica said "WOW!!!! So you get five and so do I." Jessica tried to grab her half but Gregory pulled the bucket away and said "Not so fast Missy. You have to catch your own fish!" So Jessica went to catch some fish. When she got home Gregory said "Looks like you only caught three fish." Jessica was getting very annoyed. "That is because you are older and you went in the afternoon!", said Jessica. "I do not think so, Missy.", replied Gregory with a very pride smile. "Shall we go back there together to take a look and see who can catch more fish this time?", asked Gregory with a big brother tone. Jessica agreed and they headed back out together.*

*"Hello, we are from the OUTER SPACE. Our names are Pipsi, Nicko and Lucy. We are in a guild called STRANGERS." said one of the fish, Pipsi. "My name is Nicko. I am the leader of the guild. The members that are not here are Emmet, Lamet, Hitlosico,*

*Jessica and zoomed back to The Big Polar Cave with one big breath. Gregory was*  
*trying to find the biggest ice cube in The Big Polar Cave to block the entrance. Then he*  
*"called" the ambulance with his loud voice. "AMBULANCE! AMBULANCE! PLEASE*  
*come quickly. My sister fainted and bumped her head really hard. AMBULANCE!*  
*AMBULANCE!" Five minutes later the siren of the ambulance was here, bee-boo,*  
*bee-boo. Jessica woke up and realized that it was all her dream and it was her alarm*  
*clock that made the siren. And her brother Gregory was standing right there asking*  
*Jessica to go out to catch fish....*
