

I Am

I am the air that you breathe

I am the ground where you stand

I am your Sister and Brother

I am the sky above your head

I am the structure that will stand

I am your friend

I am your blood

I am forever in your heart

I am your Parents

I am your learning

I am your studying

I am your Teacher

I am there when you need help

I am there to raise you up when down

I am your Grandparents

I am there to protect you

I am there to save you

I am the Police, I am the Firefighters

I am in need

I am lonely

To me you are God

Help those in need, for together we are .
