

# THE BIG FAMILY

There was a family... In that family there were 27 children... At the end of this story you will figure why they all died... Just kidding! Nobody will die in this story. But there was still 27 children. Can you imagine how crazy that would be? That would be really crazy! There were 12 girls and 15 boys. Wow! Now, let's start with the names, there is Jake, Kyle, Daniel, Alex, Mark, Ian, Dylan, Ethan, Matthew...well there is too much more to remember, so let's just say there are 3 babies, 12 kids, and 12 teens.

Some days, they do the same thing, the babies play with toys, the kids play video games, while the teens are just on their phones. But when everyone has nothing to do, they do stuff together. For example, the teens plan pranks on the kids. One time the teens pretended that the babies were lost because the kids liked to play with them, so they all started worrying for a whole night, then the teens told them the next day and they all got mad, but at the same time relieved. So the kids tried to give payback to the teens. What they all did was hide in the teens' room, and when all the teens were there, all the kids jumped out and screamed at the teens, none of them got scared, but the kids never gave up. They kept trying to find a

way to prank them. But pranking each other was not *all* they did. Some days, everyone goes out to the park and play around. One day, they went to the park and they stayed there for almost 5 hours! 3 kids and 4 teens got sunburns because they refused to put sunscreen on. But either than that, everyone else had fun. Some played tag, some of them were on the swing, and the rest of them were going down the slides. Other days they might go to the beach. The teens would play volley ball, the kids would make a sand castle, while the babies try to destroy the sand castle. But when everyone get's hot and bored, they would go for a swim. In the water, they would either play water polo, pass a ball around, or just swim. Sometimes they would go camping, but no one likes to go camping, because one day, they all went camping, and everyone at least had 15 mosquito bites. Well, they could've put on bug spray, but they still think it'd be boring. Every Saturday they would go to the arcade just to have fun. One day they got so many tickets that they bought a large stuffed animal.

So, that's many things they have done together. But, that's not everything...
