INTRODUCTION TO CLAY with Debra Gibbs

Saturday, October 24
1-4pm
Rotary Hall,
72 Second St., Beeton

Ages 9+
Students will experience clay with its versatility of abstract & functional forms on the potter's wheel together with hand building techniques. We'll explore texture and character using cross mediums to compliment the clay, creating fun while we complete our projects in the same day. Clay has no limitations, we colour outside of the lines to see "what else".
